

### Scottish Veterans' Residences Proposed Governance Structure

Notes:

- The 3 Residence Monitoring Committees (RMCs) report issues/concerns/performance to the appropriate Committee or the Senior Management Team (SMT).
- The Committees and SMT take action as necessary on the issues/concerns/performance reported by the RMCs and report to the Governing Body in accordance with their Terms of Reference.
- The SMT can also report issues/concerns/performance to the appropriate Committee if it is judged referral directly to the Governing Body is not required, or it would be timelier to report to a Committee.
